FATS AND LEANS PLAY TUESDAY

Razors, Stilletos, Gatling Guns,
Pistols and Home Runs Ruled
Out—Will Protect the
Umpire.

There is going to be some sort of a base ball game pulled off at Baker Field Tuesday afternoon, weather permitting, and the best of order will prevail. Especial efforts will be made to see to it that the umpire is not lynched.

The prospective players will be searched at the gate to be sure that none of them have razors, Gatling guns, stilletos, nor pistols. The fans in the grand stand will be urged to maintain strict neutrality. All who violate these obligations will be punished severely.

It is feared, however, that some of these rules will be ignored, as it will be difficult to keep the fans from cheering the respective stars. However, such manifestations of partiality will be strictly discouraged.

The knocking of home runs will be against the rules of the game, as ground rules covering this phase will probably be agreed upon in advance. There is some talk of stretching a net around the park fence to prevent home runs.

The game is to be between the Fats and the Leans, and no amateurs will be permitted to appear in uniform. It is reported that some of the Fats are running two miles each day to reduce their weight, while the Leans have taken Solgol, or something that has a name that sounds like that, to take on more weight.

Sam Eiland, who is now in charge of the park, is the promoter of the gigantic undertaking. He has not completed his line-ups, but announces that the respective line-ups for the opposing teams will be selected from the following candidates, all of whom are well known in the baseball world:

Fats.

Joe Baker, J. W. Grant, F. B. Whitfield, M. J. Patterson, W. F. Martin, Doc Reeves, F. J. Weathers, J. A. Wood, W. S. Bonham, J. P. Botts, G. M. Lewis, A. Y. Malone, W. H. Grant, D. C. Carmichael, George Cotton, John Sanders, John Cray, Bob Parker, E. H. Hill, B. G. Farmer, J. B. Saxon, E. Bussey.

Leans.

J. N. Blaum, E. C. Cannady, Robt. Boyd, J. L. Crawford, J. Ray Jones, Hugh G. Smith, H. H. Smith, Paul Clendinen, John Malone, T. A. Ward, E. R. Parter, Eric Gelehrstedt, G. S. Jackson, Heard Saxon, Harry K. Martin, T. H. Crawford, C. J. Faulk, Shelby Morgan, Tom McKinley, M. A. Ellison.

FIRST BALE OF COTTON HERE

The first bale of cotton to reach Dothan this season was brought to town Wednesday morning by J. B. Pate, who lives near Ashford, Houston county.

Owing to the fact that the Dothan gins will not be ready for operation until tomorrow, Mr. Pate carried his cotton back to Ashford and will have it ginned there this afternoon. He will probably bring the bale to Dothan tomorrow, and place it on the market.

Miss Irene Lisenby has returned from a visit to relatives in Laverne. She was accompanied home by Miss Elizabeth Lathram, who will be her guest for several days.

Mrs. W. S. Wilson, Mrs. J. W. Divers, Miss Mattie Jones, Mrs. S. E. Anderson and Sid Wilson, Jr., motored to Lawrenceville, this morning for a day's outing.

ABOUT THE CAPITOL

When the legislature got going good Tuesday the bills came running out in rapid succession. The recess committee bills are now taking the right of way, in almost every instance.

A howl is going up in Alabama. The Senate passed the bill providing that all dogs should be subject to a tax or license of \$1 per annum, to take effect this year. That money, according to the bill, is to go into the "dog fund," and used to pay people for damages that dogs might do stock and such things. After a hot discussion, the bill passed, but it looked a while as if it wouldn't. There are too many people in Alabama who are affected by a law that touches on the dog. The advocates of the bill said the owner of a good dog wouldn't mind paying the tax, for it made the dog property, and the owner of a dog could collect damage done to a dog under the law. They thought that such a law would do away with the useless curs. For the sake of Tom Espy, the writer voted against the bill, not seeing how he could ever pay the tax on his fox hounds.

The big revenue bill is up for work today in the House, and when it gets through, the framers of it will not know it. It will be literally patched over with amendments.

There is a general sentiment against increasing the appropriations for the higher branches of education, and giving more to the lower grades. How the school appropriations will come out, in the end, is yet a question.

Bonner and Holmes will never get together on the Bull Bill. The Baldwin and Mobile delegation are asking that the governor interfere in their behalf, leaving the bulk in the work, while Bon-

Bill Consolidating Courts Is Passed By The Senate

The first of several judicial bills recommended by the recess committee was taken up by the Senate at 11 o'clock Tuesday morning as a special order on motion of Mr. Lusk and passed unanimously.

This bill is known as Senate Bill 537 and was brought up by Mr. Lusk with an amendment by the committee.

Mr. Lusk stated that this bill consolidates all circuit, chancery and city courts into circuit courts providing a system similar to that in the federal court. He said this bill does not affect the salaries of the officials. Another bill fixes that. Neither does the bill go into effect until the terms of the present court officials expire in January, 1917.

The title of the bill follows:

"To provide a circuit in every county in the state, and for the consolidation of the chancery court and all other courts of record having jurisdiction of the chancery court or circuit court or either of them into the circuit court, and to remove all pending cases and records into the circuit court and to provide and regulate the proceedings therein."

PLAN RELIGIOUS DIS- CUSSION.

W. T. Goulen of the Church of Christ has challenged the members of the International Bible Students Association for a public discussion of the following propositions to be discussed at Dothan at a time in the future:

Resolved, That the Scriptures teach that man is wholly mortal and unconscious between death and resurrection.

Mr. Goulen will deny this proposition.

Resolved, That the Scriptures teach that the reign of the Lord Jesus over the earth was inaugurated on the first Pentecost after the resurrection. Mr. Goulen will affirm this proposition.

WILL BECOME PREACHER

A Mr. Harris, of Terrell county, Ga., who is in Dothan today, has decided that he will become a minister, and will leave this city for Louisville, Ky., where he will enter a theological seminary to prepare himself for his chosen work.

PELHAM SENDS RESIGNATION TO GOVERNOR

J. W. Pelham, who was appointed a Justice of the Peace for Beat Three, this county, several months ago by Governor Charles Henderson, has submitted his resignation to the Governor. Mr. Pelham says he wishes to thank his friends for their support and favors extended him.

Following is the letter mailed the Governor:

"Upon conditions best known to myself I hereby send to you my resignation to the office of N. P. & Ex. Off. J. P., for Houston county Beat Three.

"Thanking you for your past favors, I remain,

Very truly yours,
J. W. Pelham."

MIDLAND CITY DOTS.

By Correspondent.

Dothan Eagle:
If you will sit quietly in the saddle, I will try in my feeble way to give you a few dots from Midland City and surrounding country.

The weather is somewhat warm and dry at present, and king cotton seems much damaged, rather bad on "Billie Bollweevil" whom it appears has decided to pay us his unwelcome visit.

The Methodist protracted meeting is in session here this week, with Bro. J. W. Budd presiding. Bro. Budd is an able preacher and everybody is invited to come out and hear him.

We are pained to announce the death of our good friend Sterling Ward, which sad event occurred Saturday at his home near Echo. Sterling was a good man and will be greatly missed in the community in which he lived. He was buried Sunday at Echo.

Going to Blue Springs, four miles south of Midland City, seems to be the order of the day now. Mr. G. W. Kelly, the owner of the springs, intends to make it in the near future one of the greatest summer resorts of this county, so the young folks may go to making preparations to attend the springs for Mr. Kelly never does things by halves.

Mr. Editor, as news is a little scarce, we will ring off at present, and come again soon and try to give you the dots in the future.

Much could also be done in the way of assisting in the marketing of potatoes and other Houston county products.

KELLY SPRINGS IS NEW NAME

Owing to confusion sometimes caused on account of two pleasure resorts being known by the same name, there being a Blue Springs in Harbour county and one near Dothan, the springs near Dothan will be hereafter known as Kelly Springs.

The place known as Blue Springs, about six miles northwest of Dothan, is owned by Geo. W. Kelly, of Midland City, and many improvements will be made for next season.

It has been announced that the bath houses, now in course of construction, will be available for use by Sunday.

TEACHERS INSTITUTE HERE IN AUGUST

A Teachers Institute will be held at the High School building in Dothan a week, commencing August 30, at which time a large number of teachers are expected to be in attendance. The Institute will be conducted by James R. Rutland, a well known educator.

SUMMARY OF WAR STATUS

The German advance on Warsaw continues today the most important activity in the field of war. The Russian force has conducted furious assaults along a wide front. Latest reports indicate that the German movement is progressing. A Russian official report admits that the Germans are attacking the advanced defenses of Novogeorgievsk, fifteen miles northwest of Warsaw, but recites a number of instances in which the combatants have either been repulsed or unsuccessful in their attacks. This is notable at Pultusk, thirty miles north of Warsaw. At Ivangored, fifty-five miles southeast, attacks by German troops have been successfully repulsed. The battle is

still raging with fury on almost all of the whole front between the Vistula and the Bug rivers. Furthermore Petrograd announces the destruction in the Black sea of forty sailing vessels laden with coal for Germany.

The casualties in the fighting on the Italo-Austrian frontier have been very heavy, according to a dispatch received by The Tribune of Geneva. The Austrian losses would appear to be the largest, according to this newspaper.

There have been no developments on the western front. The French official report shows no changes of importance.

Popularizing the

Mustache.

Pittsburg Gazette-Times.

While man has been denouncing his feminine partner for permitting the war to influence her fashions in dress, he has been or is to be affected in a more important particular—his physiognomy. Throughout the British empire the appointed mustache, of course, has been tabooed. Indeed, the Kaiser himself is said to have altered the shape of his hirsute adornment. Now comes word of a military order to the Canadian expeditionary force that the men shall not hereafter shave their upper lips. The explanation given is that the practice irritates nerves connecting with the eyes, and that the sight may thereby be injured. This is the official excuse, but the civilian may be pardoned for fancying that some deeper reason is concealed.

The smooth-faced soldier presents a smarter appearance than his mustached or bearded brother, but he doesn't look half so ferocious. It is said that the dreaded Cosacks rely strongly upon their bristling whiskers to strike terror into the hearts of the enemy. One has only to turn to old pictures of our own civil war to perceive the contrast between the appearance of the boys of '61 and our modern fighting men. It is well known that a very large proportion of the preservers of the union were mere youngsters, but one would never guess it from the published pictures which portray them "bearded like a pard" as "they braved the hubbly reputation at the cannon's mouth."

Most Embarrassing.

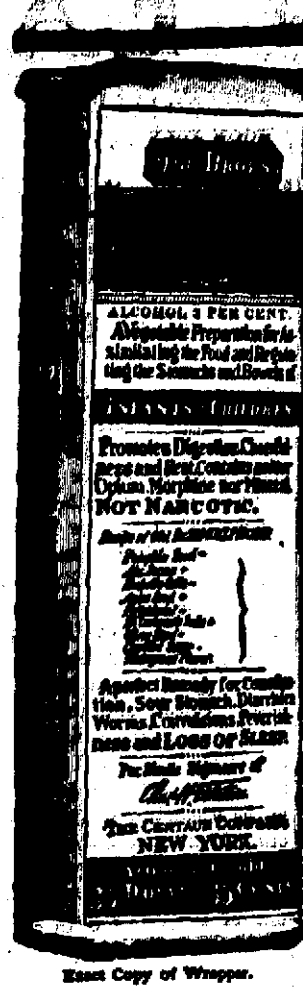

Tadaville Courier-Journal.

Bullets at the front, and shells and shrapnel, and grawsome gas-atom bombs are less terrible to contemplate than the pension applications which are to be filed by Senegalese widows whose husbands have perished upon the French firing line.

The Senegalese are Mohammedans, who are allowed by the Koran to have as many wives as they like, and who, in many instances, like many wives. The "happy warrior whom all should wish to be" among the Senegalese is like this hero of the Anglo-Indian jungle:

"Wives 'e took, some three or four, Which was few, so 'e took more, And, jealous of the rajah, Whose seraglio was larger, 'E 'elped 'imself to other wives galore."

The tenderness of the American Congress to the widows of soldiers is historic. No member of Congress will stand idly by and see the widow of an American soldier neglected. Every member of the body stands ready to "see and raise" any colleague who proposes financial betterment for any class of dependents of soldiers, but especially widows. But no American soldier leaves more than one widow. The situation of the members of the French law-making body, composed of gentlemen habitually gallant, is most embarrassing. They can hardly consider without tears the spectacle of a multitude of Senegalese women, surrounded by a subsidiary multitude of children weeping for a single brave. They must admit that twenty widows cannot subsist upon what would do for one, or 100 children, upon what would suffice for five. It may require a special bond issue to solve the problem that has resulted

A Gift of a Mountain.

New York Press.

Representative Kent of California has given to the people of that state a big section of Mount Tamalpais which he bought some years ago to prevent the destruction of its natural attractions by a lumbering interest. It includes the Muir Woods, of splendid old redwood, and a wonderful natural amphitheater. Mr. Kent tried to have this land made a national reserve; failing in which he bought it and now gives it to his state.

In the amphitheater there is produced, once each year, some notable theatrical production: "Abraham and Isaac," the first year; then "Twelfth Night," and a year later "Sakuntala," this year it was "Rip Van Winkle." From 4,000 to 10,000 people have each year climbed the 2,000 feet of mountain trail which leads to nature's amphitheater to see this production. With the gift of the theatre to the state it is hoped that an annual fête may be developed not unlike the "Oberammergau" presentation which has become famed throughout the world. In any event, Representative Kent has done something for his state very much worth while.

HUERTA RESISTS

INVASION OF HOME BY

FEDERAL AGENTS

El Paso, Tex., July 27.—The

causes of the complaint which General Huerta, awaiting trial here on a charge of a conspiracy to violate American neutrality, telegraphed to Chief Justice White of the United States Supreme Court, became known in detail today. Huerta charged that his home here had been violated by agents of the American Department of Justice without scruple and demanded guarantees for his family.

It was after Huerta had been taken for a visit to his family that he made his complaint. Two agents of the Department of Justice, Clifford Beckham and E. P. Stone went through the house before the arrival of the prisoner to ascertain if there were any men other than members of his family and remained in the room during Huerta's conversation with members of his family.

Huerta received his wife and children at Fort Bliss upon their arrival recently from New York, but this was the first opportunity he has had to see them in their new home.

"Shoot me if you like," he exclaimed, "I am a prisoner and you may do what you like with me, but do not molest my wife and children."

He told the agents that the entire incident had been humiliating to him and it had hurt his feelings.

Still dry in Ashford.

Messrs. S. E. Pate and O. M. Holman returned home yesterday from a trading trip down around Lacey and Mat Long's.

A Mr. Mullins, of Daleville, who is a cousin of Mrs. R. M. Jacobs, was an Ashford visitor yesterday.

Mr. G. E. Jackson has just returned from a trip out in Covington county where he went to visit a brother. He went the

whole round on a motorcycle. He reports plenty of rain and fine crops, but says the boll weevil will eat off the cotton around Opp, Ala., about one half.

We are requested by Mr. J. W. McIntyre, to say to those who take city water and who are in arrears as to payment for same, that beginning with this date, there will be no further extensions as to time of payment, but all who refuse to pay promptly beginning with this date, will be refused further accommodations along this line and their water will cut off the cotton around notice.

Mighty dry now to cut a fellow's water supply, and too, when we think of the fact, water is about all a man has to drink in Ashford now.

Mr. L. A. Rollins went to Dothan yesterday on business.

Prof. C. F. Cassidy and Mr. Webb Henderson were business visitors to Dothan Tuesday.

We desire to thank Mr. Webb Henderson for courtesies shown in the line of school and school interest since our last issue.

Thursday afternoon at two o'clock is the time of meeting set for the public entertainment to be held at the school building. Everybody is invited. See interesting program that is out. School enthusiasm is what Ashford needs just now, so let's all go out Thursday and show our hand and do what we can for the betterment of our school prospects.

Thursday afternoon at 2:00

o'clock at the school building—a public entertainment in the interest of the coming school opening. Good speaking, good singing, good music. All are invited.

Dr. C. A. Glover left yesterday for Montgomery, where he went to carry Master Mose Brown to an infirmary. He was accompanied by Mose's father, Mr. Charley Brown.

Messrs. F. P. Garrett and C. C. McArthur went to Pansey on business yesterday.

Mr. S. E. Pate went to Liberty protracted meeting last night.

Quite a crowd of the Dothan boys were in our city last Sunday.

The Misses Lila Garrett and Allie McIntyre and Mr. Boland Huey went to Dothan Sunday.

The Misses Eunice Williams and Lennie Strickland and H. W. Garrett went over to Columbia Sunday.

Mr. Dan Nordan of Ft. Gaines, Ga., passed through our city yesterday en route home.

Mr. Cliff Sheffield, formerly of Ashford but now of Ft. Gaines, Ga., is visiting home folks here this week.

Miss Lennie Strickland, who has been visiting Miss Eunice Williams here for the past several days returned home last Monday.

Mr. Frank Smith, a prominent farmer from near Wickburg, passed through Ashford Saturday afternoon.

Mr. Bascom Pippin passed through town yesterday.

From the number of offices in the new Bush building it looks as though at least one good stenographer would be in demand in our city.

The liveliest crowd we have seen lately passed through last night from Dothan en route to Columbia, and back again from Columbia. They were on one of the big Dothan motor trucks and it was filled to the last inch of its capacity, and by the time they returned from Columbia they were going some. Must be something over at Columbia that makes a fellow feel better after the worries of a long summer day.

Mr. and Mrs. Bob Yelverton, who have been on the sick list for a day or two recently are reported to have about regained their usual health.

We are prepared to do your job work of all kinds. We do it right and the price is right and if you have anything in our line let us have it right now. Call on or phone me at Fellows & Forresters' store. G. W. Collins.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 32 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pain at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. Thomson, 549 W. Russell St., Philadelphia, Pa.

Change of life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
